

BIBLE CHILDREN

1. Name three Bible babies who were promised or foretold by God.
2. Listen to &/or tell * the story of one of these Bible babies who were foretold by God.
3. Listen to &/or tell * the story of a Bible child whose name we know.
4. Listen to &/or tell * the story of a Bible child whose name we do not know.
5. As a class or club group act out at least one story of a Bible child.
6. Learn & recite from memory # one of the sayings of Jesus about children.

NOTES

* The phrase “listen to &/or tell” will be applied differently for different ages.

For Busy Bee & Sunbeam ages, the children will listen to the story and if they wish may retell it themselves if they want to.

For Builder age children, they may listen to the story and then retell it, or if they wish they may tell their own story.

For Helping Hand age children they will be expected to read the story themselves and with the help of an adult (if they wish) prepare to tell the story themselves.

The phrase learn and recite will also be applied differently according to age.

For Busy Bee & Sunbeam ages, the children should listen to the stories and be able to say what Jesus said but in their own words.

For the older children they would be expected to learn the saying (not necessarily the whole verse always) from a translation they can understand easily.
